

Instructions for parking and visiting our office:

Our 222 South Main ABM Services parking garage is located directly behind our building. Access to our parking garage is on the south side of 200 South, just west of the Hotel Monaco. A tall, gray metal pillar, not too visible from the street, indicates “222 Main Public Parking.” Our parking garage entrance shares the driveway with the Hotel Monaco and shouldn’t be confused with the narrow entrance to the American Plaza Public Parking, which is just west of our parking garage driveway entrance.

When you enter the parking garage, the ticket machine gives you two payment options, a credit card or a paper ticket. **Do not insert your credit card.** Doing so will require you to pay for your own parking with your credit card to exit the garage.

Holland & Hart guests should push either of the two buttons labeled “GENERAL PARKING” or “UNDER 2 HOURS VISITOR,” depending on the expected length of your visit, to receive a paper ticket.

- **If your visit will be for two hours or less:** Please park on level P1 or higher. Parking longer than two hours may result in a \$50 ticket.
- **If your visit will be for more than two hours:** Please park on level P3 or above.
- All lower level parking is for reserved spaces. Please do not park in any reserved space.

To receive a parking validation card(s) for complimentary parking in the 222 South Main Garage, please stop at Holland & Hart’s reception desk on the 22nd floor following your visit. If you choose to stay parked in the garage after your visit to Holland & Hart, you may pay for any additional time with your credit card.

➡ NOTE: All visitors must present a photo I.D. at the Security desk in the building lobby upon arrival.

Holland & Hart issues parking validation tickets ONLY for the 222 S. Main parking garage. We do not validate for any other parking structure.
